**Subject:** Re: Proposed Reverse Osmosis Plant: Saldanha

Hi Sharon

Our comment is as previously indicated

The reverse osmosis plant must be suitably sized to, as a stand alone unit, produce an adequate supply of water to take care of all the dust suppression needs within the harbour complex for the present and all future developments.

Dear Alvin & Hans

The final Basic Assessment Report (BAR) for the proposed establishment of a reverse osmosis desalination plant at the Port of Saldanha, as submitted to you earlier in the month, refers. Please note that the formal public comment period ended on Monday 23 June. We would like to finalise the documentation for submission to DEAT, but have not yet received comment on the final BAR from your department.

If you wish to submit comments, could you please forward these to me as soon as possible, indicate when your comments can be expected or provide confirmation that you have no comments on the document.

Thanks you for your assistance in this regard.

Kind Regards  
Sharon Jones Pr.Sci. Nat; CEAPSA

Dear Sir

**ESSENTIAL SERVICES : SEWER : WATER : CIP DISCHARGE TO MUNICIPAL  
SEWER : REQUEST : APPROVAL TO OBTAIN WATER FROM SOURCE OTHER  
THAN WATER SERVICE PROVIDER**

Your letter dated 4 March 2008 and project memo dated 19 July 2008 refers.

Sewerage Treatment : CIP

Please receive the following information:

- i. As per A L Abbott & Associates report the current estimated capacity of Saldanha Bay Sewerage Treatment Works, is 5000m<sup>3</sup> per day and the present utilization is 2532m<sup>3</sup>. A L Abbott & Associates also indicated that the additional load, volume and chemical, can be accommodated.
- ii. A copy of the permit was handed to your Mr Rodney Goosen on his visit to this office on 22 July 2008. Please take conscience of the fact that council is in the process of re-registering the said works to obtain a license.

Water

With regards to your request to obtain water, other than the source (Bergriver Scheme), to be utilized as industrial water in order to supplement the water supply by the West Coast District Municipality, Council will need to obtain the inputs/comments from the West Coast District Municipality and The Department Water & Forestry.

Should you require any further information please contact Mr P Maritz @ 022-7017112

Yours faithfully

**MUNICIPAL MANAGER**
