

**ISO 14001: 2004 Reference no 4.2**

## **Bulk Terminal of Saldanha Environmental Charter**

Bulk Terminal of Saldanha's mission to strengthen its coexistence with the surrounding Environment is driven by highly skilled and motivated employees.

**To achieve this mission the Bulk Terminal of Saldanha (BTS) shall follow the principles of the Transnet National SHEQ Policy.**

- BTS shall comply with applicable and relevant Laws, including Saldanha Bay/ Vredenburg Municipal By-laws.
- BTS shall implement the best available technology to ensure continual improvement in pollution control to the neighboring community and the Langebaan Ramsar Site.
- BTS shall promote the efficient use of Natural Resources to protect the West Coast scarce water resources.
- BTS shall promote open dialogue with employees, adjacent landowners and users and other interested and affected parties
